

About the Re-evaluation Foundation

The Re-evaluation Foundation supports projects based on the theory and practice of Re-evaluation Counseling (RC) that apply bold, thoughtful action to freeing human beings from the distresses associated with past hurtful, unjust experiences.

Founded in 1972, the Foundation provides resources to help disseminate the ideas, skills, and leadership training of RC to people whose low income, geographic location, or other restrictive circumstances limit access to RC teachers.

The Foundation evaluates proposed projects and operates as an independent source of financial assistance for underwriting approved projects.

Donations to the Foundation are welcome and are tax-deductible in the United States.
